

Feeling Your Best Never Looked so Good

The Human Touch® Novo XT massage chair helps athletes and professionals of any level prepare for, and recover from, strenuous workouts and work days. By increasing oxygen-rich blood to tired, sore muscles, Novo XT helps to restore your natural well being. You can also bet that the sleek, innovative design will serve as a conversation piece that captivates attention like that of your favorite sports car.

Once you've rejuvenated both your body and mind, you'll experience a heightened sense of confidence, motivation, and clarity—all the tools you need be your best and keep your edge over the rest of the pack.

The L-Track Unibody design covers up to 60% more of the back than conventional massage chairs, extending high performance coverage from your neck and shoulders all the way down to your glutes.

Flex 3D Massage Technology

Expertly mimicking the hands of a world-class masseuse, Novo XT massage technology extends into muscles for a therapeutic, fully enveloping, intense massage. With five intensity settings, you can customize just the right massage pressure to your liking.

Easily manage the chair's full suite of programs and features using the intuitive navigation control, featuring a crystal-clear LCD screen.

AUTO-WELLNESS PROGRAMS

Indulge in 34 programs, including full-body immersion, deep tissue and an effective collection of therapeutic relaxation and recovery programs.

CLOUD TOUCH ACUPRESSURE

Strategically placed targeted aircells apply pressure to key healing points and manipulate your body to stretch muscles.

ZERO-GRAVITY MASSAGE

Ergonomic zero-gravity seating provides extra relief of back pain and reduced pressure on the vertebrae, allowing your large muscles to completely relax for a restorative massage.

LUMBAR HEAT

Using warm air technology, targeted heat continually flows to the lumbar area, gently soothing tight muscles and relieving pain.

SPACE SAVING DESIGN

The Novo XT requires only 2" of wall clearance in order to pivot seamlessly from the upright to reclined position.

BUILT-IN BLUETOOTH SPEAKERS

Immerse yourself in soothing music while enjoying a relaxing massage. Connect your phone or music device to the built-in speaker via bluetooth.

FULL-BODY STRETCH

Our expansive "bend and stretch" functionality provides unprecedented leg and spine relief, increasing blood flow to the vertebrae and discs and rejuvenating the lower back, allowing you to recover with greater efficiency.

EXTENDING FOOT-AND-CALF MASSAGER

With under foot rollers for optimized reflexology and adjustable intensity for calves and feet, the extendable leg rest automatically adjusts for your height.
